Application

- Heat Exchanger Electric steam generator
 Steam generator Electric water heater _____

Power

_____ kW (kJ/s) horizontal vertical plate shell & tube

Operating data

		Primary	Secondary
Medium*		_____	_____
Operating pressure*	bar	_____	_____
Operating temperature*	°C	_____ / _____	_____ / _____
Mass flow rate*	t/h	_____	_____
Pressure drop	mbar (mcWS)	_____	_____
Inlet nozzle	DN / PN	_____ / _____	_____ / _____
Outlet nozzle	DN / PN	_____ / _____	_____ / _____
Design temperature	°C	_____	_____
max. Allowable pressure	bar	_____	_____

* Necessary information

Preferred dimensions
